Position Announcement:
Assistant Professor/Dental Director

POSITION SUMMARY:
The Community-University Health Care Center (CUHCC) is seeking an energetic Dental Director to lead CUHCC’s Dental Department. This position is a joint appointment between CUHCC and the School of Dentistry.

The Dental Director provides overall vision, leadership, and management of CUHCC’s Dental Department and Dental Training programs and is responsible to develop and monitor performance on annual quality, productivity, and budget objectives. The Dental Director will serve as the primary liaison between the Dental School and CUHCC to connect and integrate cutting edge dental education with clinical practice and training. The Dental Director will develop curriculum and clinical placements that support evolving models of dental care. Components of the evolving models include, but are not limited to, the integration of dental therapists, interprofessional team based care for patients with complex medical, dental and mental health issues, and how to teach and provide care to people experiencing oral health disparities.

ABOUT CUHCC:
CUHCC is a comprehensive medical, dental, and mental health clinic for Minneapolis residents of all ages, races, and ethnicities. CUHCC’s mission is to “seek health equity in our community by advancing the well-being of diverse people.” Each year, almost 11,000 patients make approximately 55,000 visits to CUHCC. CUHCC is both a department of the University of Minnesota and a federally qualified community health center (FQHC) with a community board of directors. Throughout its 49-year history, CUHCC has earned respect for its expertise in providing multi-cultural health care to diverse peoples; its future forward approach to community health innovation; and its commitment to train the next generation of health care professionals. As the largest urban primary care training site in Minnesota, CUHCC provides experiential training in urban health for 250 residents/students each year.
