**Presented by**

**Ally Taubenheim, RN, PHN, BSN;  
University of Minnesota School of Nursing  
Doctor of Nursing Practice, Student**

**Objectives: Upon completion of the activity, participants should be better able to**

1. Explain the call of action to promote team-based care in community health centers to improve patient experience and the well-being of team members.
2. Evaluate ACE-15 Teamness Survey results in order to drive data-informed interventions to improve team functioning within an organization.
3. Analyze how equity among team member roles can address disparities and advance health equity for patients.
